What we heard

- Two of the three survey respondents supported the bus shelter locations
- Feedback highlighted concerns around the placement of the bus shelters, and the potential for impacts to driveway access and public parking bays

What we are doing now

- Feedback will be provided to the PTA for consideration
- The PTA will incorporate feedback into their designs, and will reassess the suitability of locations and the potential impact to residents.
- The City will provide updates on the Your Say page as the project progresses
